Typical Nutritional Values

	Per 100g
Energy kJ/kcal	324-428 / 1372-1809
Total Fat	4-8g
- of which Saturates	1-2g
Carbohydrate	50-60g
- of which Sugars	12-13g
Protein	25.4 g
Fibre	20-30g
Sodium	Trace
- Expressed as salt	Trace

*Typical values only - some variation may be observed across batches/seasons

Packaging / Product Options

Product Code	Packaging Description	Net Weight	Case Quantity
SEL001	Paper bags with blue plastic liner	25kg	1

Storage Requirements

Store in ambient conditions in the original closed packaging protected from dust, moisture, and light. Once opened, store resealed in the original packaging and keep in a cool, dry place.

Transportation

Store at ambient room temperature in clean vehicles and otherwise protected from dirt, dust moisture, chemical taints or other materials that may present a risk of contamination. Can be delivered by haulier or express courier dependent on volumes.

Best Before /Shelf Life

The bulk product has a shelf life of 36 months from the date of manufacture, applied by supplier. Retail-packed pouches are coded 2 months shorter than bulk products used. The shelf life of the product is reliant on it being maintained in its original or properly resealed packaging, stored at ambient temperature in a dry place, and kept away from extremes of heat, cold, or moisture.
